

THE
MARBLE
MANTEL
COLLECTION

CLASSIC STYLE

The fireplace is the focal point of any room and can set or enhance the style for furnishings and fabrics.

Each Classic mantel, be it made in timber, marble or stone, is manufactured to order by local skilled craftsmen dedicated to producing the highest quality fireplaces available. Crafted from the finest quality marble each design illustrated in this brochure can be altered to suit your individual requirements or alternatively we offer a bespoke service to create a unique look for your home.

Our manufacturing facility is located in the heart of the Sussex countryside close to the historic towns of Arundel and Chichester. By prior appointment visitors are very welcome to see our production process, materials used and the quality of the finished products.

Enjoy browsing through this brochure and imagine the years of pleasure and added value a Classic mantel will give in your home.

The Kingham is the result of close collaboration with our customer to design the perfect bespoke fireplace to suit a very restricted space in the corner of a small and cosy sitting room.

We would like to thank Creative Fires and Acquisitions of London for their contribution to this brochure.

KINGHAM

	INCHES	MM

CLASSIC TASTE

The early Victorian style of The Chantrey is as popular today as it was then and can complement even the most modern surroundings. The mantel shown was

reduced in width to suit the size of our client's chimney breast.

TABLES & COLUMNS

The beauty of marble can be shown in so many different ways. Why not enhance your room with an attractive piece of furniture to match your fireplace? Choose from these few examples of previous orders or create your own design.

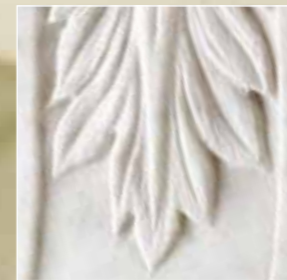

SHAPED HEARTHES & EDGE MOULDING

Your fireplace can be greatly enhanced by the shape and style of the hearth. Here are just a few examples with further details available upon request.

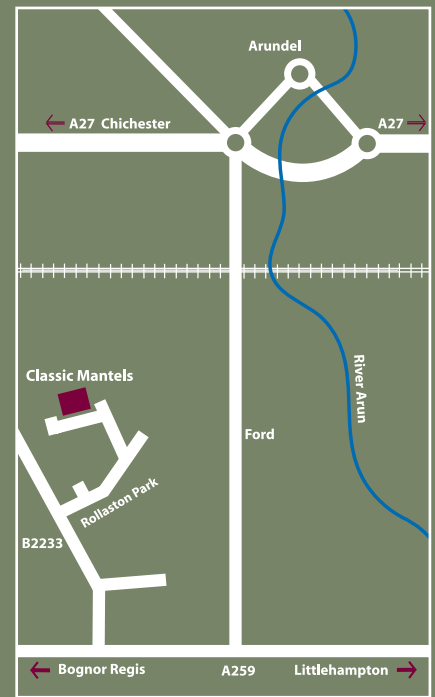

A range of hand carvings can be added to many of the mantels in this range. The fine grain in marble gives our stonemasons the opportunity to create very detailed engraving.

Marble is formed over millions of years from layers of marine life. This results in the natural markings and defects which form the character of the stone and means that no two mantels will be the same. Although we use only the best quality materials, slight variations in both colour and texture are unavoidable.

We strongly recommend that your fireplace be inspected before it is installed and fitted by a professional fireplace installer. We regret that we cannot take responsibility if this caution is not followed.

We are committed to continuous development and improvements to our products and therefore reserve the right to alter specifications without prior notice. The colour and shade reproduction in this brochure is as accurate as the printing process allows and should not be used as an accurate guide.
